I'll never forgive my husband and his mother for forcing to circumcise my son. After his birth, as I was in the shower my husband signed the forms and he was circumcised before my shower ended. I got out of the shower, he was screaming, I was screaming. I cried for days afterwards. I called my parents to leave my husband. They advised me to stay.

Christianity is splintered around the world. A Baptist believes different things than a Catholic, who believes different things than Pentecost, who believes different things than a Mennonite. But yes, it's been commercialized since WWII.

The American Native Tribes didn't have any type of centralized authority and they were wiped out.

Like the Bible. Remember it was only translated in somewhat recent history. Before that, unless you understood a/o could read Aramaic or Latin, you assumed what you were told was what was written in the Bible.

The Nine Noble Virtues. [en.m.wikipedia.org/wiki/Nine\\_Noble\\_Virtues](https://en.m.wikipedia.org/wiki/Nine_Noble_Virtues)  
Note: I'm raised Catholic now lean towards more of a Cathar, probably because of the new "pope". I've studied religions my whole life.  
'Religions are like guns - it's what a man does with them that makes them dangerous.

Hate to tell you this, but my Opa was in a camp with Jews and didn't see one tattoo until he saw it on TV years later.  
'And guess what? After he was released, after everything he endured in camp, he came home to Holland and lived a long happy life continuing to distrust jews. He never blamed Hitler for anything. Really makes you think.

Maybe not ignore but moreso not to react.  
Stop reacting to their every whim. We've created a spoiled monster who thinks they can stamp their feet and we'll appease them. And they're right.  
The only cure is to ignore and not react in the way they want us to react.

If we all ignored the fake shit that is going on in Syria, Fucking Israel wouldn't have an audience that would listen to their cries of war.  
So fuck Syria, who cares?  
Jews hate being ignored.

She created this mess and is now relying on the AB conservative's policies to get out of it. Taking a page from the Lougheed Playbook, claiming it as her own. All I see is a desperate NDP trying to cling to power, not a powerhouse. This would have NEVER gotten to this point with the proactive PCs in charge. With NDP you lose, 100% of the time.

This is no where near the common sense, can-do businessmen and leaders we had with Ralph Klein and Peter Lougheed, not to mention Mr. King. The people in place right now - the feel-good gender positive corrupt lefties - it will be a disaster. Calgarians, Albertans, and Canadians will pay for decades to come. Long story short, Jesus teaches the original Greek Kabbala. The jews twisted it for their own good and control.  
'It's always been about control for them. They are ruled by the demiurge, an evil entity that hates mankind.

The Jews took over the Kabbala from the Ancient Greeks. Surprised? They take over every Fucking thing and claim it as theirs.  
'The true kabbala from the ancient Greeks was so powerful, they Knew they had to take it before it was too late. They took it and twisted it to make it theirs.

I guess modern medicine isn't science. Because if you need a bone marrow transplant, good luck across races for a match.  
Or forensics isn't science, either. Because if you are found long dead as a skeleton, they can tell your race by your skull.

They wouldn't have to self identify, we could submit businesses that fit the criteria. They would have to be vetted, so would never figure out how to get on the list. A business wouldn't be able to directly apply. Collectively, all know White dentists, plumbers, gas station owners, coffee shops, cafes, etc.
